

Pride® Lifts

Mobility Made Easy.

Outlander DE

The Outlander DE is a dual-entry, three-rail scooter lift compatible with both 3 & 4 wheel small to mid-size scooters. The lift features an integrated automatic scooter lockdown arm designed to provide a secure self-locking mechanism for compatible mobility scooters. The simple hitched-based installation requires little to no modification to your vehicle or mobility device and allows for easy removal. The drive-on/drive-off platform enables loading from either end of the lift and takes the hassle out of loading your mobility scooter in a busy parking area.

FEATURES AND BENEFITS

- 350 lbs. lifting capacity
