

Model Ci

# The New Era of Personal Mobility Has Finally Arrived.

The WHILL Model Ci is a revolutionary approach to power mobility that uniquely boosts user confidence and evokes an active, can-do lifestyle. Its premium performance and superb engineering provides versatility and reliability to experience all-day adventures.

From socializing with friends and family to exploring the great outdoors, Model Ci empowers users to enjoy their world freely both indoors and out.

Powerful and agile, the Model Ci is exhilarating and fun to drive. Its distinctive design allows you to be you.

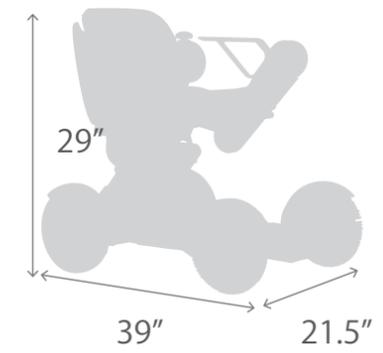

Pursue life's adventures with the Model Ci Personal EV.

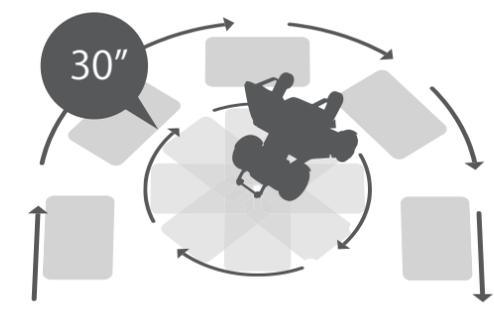

## Refuse to Accept Limitations

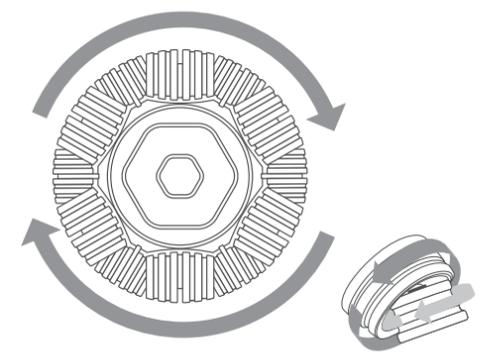

With its compact frame, patented front omni-wheels, and responsive mouse controller, Model Ci has the maneuverability to effortlessly navigate confined spaces.

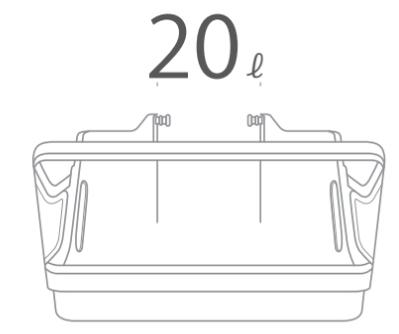

Smaller footprint than traditional power mobility devices.

Up to a 45% tighter turning radius than tiller operated mobility devices.

Patented front omni-wheels for tight turning and superb terrain coverage.

Large under-seat basket to store your belongings and groceries.

# Get Out and Adventure

Equipped with two powerful motors and engineered for superb stability, effortlessly go from indoor activities to navigating trails and surrounding yourself with nature.

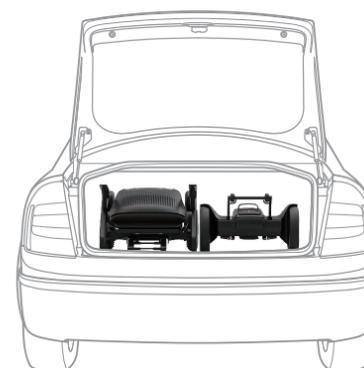

## Live Unpredictably

Model Ci quickly disassembles into three lightweight parts for transport in any vehicle with room to spare. Assembly is just as easy to get you quickly moving again at your destination.
