STANDARD COLORS	● ● ● ● ● ● ●

Style • Performance • Versatility

New features include LED battery indicator, wider seat, retractable handlebars, higher weight capacity and longer range.

The information contained herein is correct at the time of publication. Factors such as battery charge, battery condition, user weight, tire pressure, and terrain type will cause variation to maximum range and speed. Due to continual product improvement and manufacturing tolerances; length, width, turning radius and ground clearance can be subject to variance of +/- 3%. We reserve the right to alter specifications without prior notice.
