

COMPANION 5™

5 LPM At-Home Oxygen Concentrator

Compact and Powerful

The Companion 5's small profile fits easily into any home and stays out of the way of your everyday activities. Built with a high-quality design and for trouble-free operation, it delivers oxygen up to 5 liters per minute.

And now, thanks to the optional telehealth solution—CAIREview™—your provider can periodically monitor this device's location as well as performance, and troubleshoot alerts—all from the convenience of a desktop computer or smart device.

SAVE MONEY ON ENERGY COSTS

autoFLOW™ Technology keeps your power consumption low, saves you money, and pays for itself in energy savings.

PEACE OF MIND

Designed with an alert system and easy-to-understand controls—the Companion 5 comes equipped with wireless technology which can connect you to CAIREview—a telehealth solution that your provider can use to help ensure you get the support you need.

COMFORT AND EASE OF USE

Stream your favorite TV show, cheer on your sports team, or spend time with loved ones, and never worry about your oxygen delivery. The Companion 5 is perfect to help you go about your daily routine when you are at home.

CAIREview is not intended for active, real-time patient monitoring.
